BASIS OF PRESENTATION

The following management's discussion and analysis ("**MD&A**") of Nexus Industrial REIT ("the **REIT**") for the three and nine months ended September 30, 2023 should be read in conjunction with the REIT's audited consolidated financial statements for the years ended December 31, 2022 and 2021 and the unaudited condensed consolidated interim financial statements for the three and nine months ended September 30, 2023.

The information contained in this MD&A reflects events up to November 14, 2023, the date on which this MD&A was approved by the REIT's Board of Trustees. Financial data included in the tables of this MD&A is presented in thousands of Canadian dollars, except per unit amounts, which is the functional currency of the REIT, and has been prepared in accordance with International Financial Reporting Standards ("**IFRS**") as issued by the International Accounting Standards Board ("**IASB**"). Additional information about the REIT can be accessed at www.sedarplus.ca.

FORWARD LOOKING STATEMENTS

Certain statements contained in this MD&A constitute forward-looking statements which reflect the REIT's current expectations and projections about future results. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects" or "does not expect", "is expected", "estimates", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the REIT to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements, including but not limited to: real property ownership and tenant risk, competition, fixed costs and increased expenses, general uninsured risks, environment and litigation risk, credit risk, liquidity risk, interest rate risk, and the impact of the coronavirus disease 2019 ("**COVID-19**"). These risks are more fully discussed under *Financial Instruments and Risks and Uncertainties* in this MD&A. Actual results and developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking statements contained in this MD&A. Such forward-looking statements are based on a number of assumptions that may prove to be incorrect.

While the REIT anticipates that subsequent events and developments may cause its views to change, the REIT specifically disclaims any obligation to update these forward-looking statements except as required by applicable law. These forward-looking statements should not be relied upon as representing the REIT's views as of any date subsequent to the date of this MD&A. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. The factors identified above are not intended to represent a complete list of the factors that could affect the REIT.

NON-IFRS FINANCIAL MEASURES

Net operating income ("**NOI**") and same property NOI ("**Same Property NOI**") are measures of operating performance based on income generated from the properties of the REIT. Management considers these non-IFRS financial measures to be important measures of the REIT's operating performance. Funds from operations ("**FFO**") is a measure of operating performance based on the funds generated from the business of the REIT before reinvestment or provision for other capital needs. Management considers this non-IFRS financial measure to be an important measure of the REIT's operating performance. Management considers adjusted funds from operations ("**AFFO**"), a non-IFRS financial measure, to be an important performance measure of recurring economic earnings. **Debt to total assets** is a capital management measure. The REIT's calculation of **Debt** includes mortgages payable, Credit Facilities and lease liabilities at their carrying values in the REIT's consolidated statement of financial position. The measure is calculated as Debt divided by the REIT's total assets. The REIT believes the measure is useful in evaluating its degree of financial leverage, borrowing capacity and the relative strength of its balance sheet. Net asset value ("**NAV**") represents the REIT's total assets less its total liabilities, excluding Class B LP Units, which are accounted for as a liability but are considered as equity by the REIT. NAV per unit represents NAV divided by the number of REIT Units and Class B LP Units outstanding. Management considers NAV per unit, a non-IFRS financial measure, to be an important measure of the REIT's operating performance.

NOI, Same Property NOI, FFO, Normalized FFO, AFFO, Normalized AFFO, Debt to total assets and NAV are not measures defined by IFRS, do not have standardized meanings prescribed by IFRS and should not be construed as alternatives to net income, cash generated by (used in) operating activities or other measures of financial performance calculated in accordance with IFRS. NOI, Same Property NOI, FFO, Normalized FFO, AFFO, Normalized AFFO and NAV as computed by the REIT may differ from similar measures as reported by other trusts or companies in similar or different industries.

NOI is used by industry analysts, investors and management to measure operating performance of Canadian real estate investment trusts. NOI represents property revenues less property operating expenses as presented in the consolidated statements of income and comprehensive income prepared in accordance with IFRS. Accordingly, NOI is equivalent to net rental income as presented in the consolidated statements of income and comprehensive income. NOI excludes certain expenses included in the determination of net income such as general and administrative expense, fair value adjustments, income (loss) from equity accounted investment in joint venture, loss on disposal of investment properties, other income, net interest expense and distributions on Class B LP Units.

Same Property NOI is defined as NOI generated from properties which were owned by the REIT throughout an entire reporting period in both the current and comparative periods. Same Property NOI excludes amortization of straight-line rent, tenant incentives and leasing costs, and termination fees and other non-recurring items. Same Property NOI includes vendor rent obligation amounts which are payable from vendors of properties until the buildout of the properties is complete and all tenants are occupying and paying rent. Management considers Same Property NOI to be an important measure of operating performance of the REIT's properties.

The REIT calculates FFO and AFFO in accordance with the whitepaper issued by the Real Property Association of Canada dated January 2022.

FFO is defined as net income in accordance with IFRS, excluding gains or losses on sales of investment properties, tax on gains or losses on disposal of properties, transaction costs expensed as a result of acquisitions being accounted for as business combinations, gain from bargain purchase, fair value adjustments of investment properties, unit options, restricted share units and derivative financial instruments, fair value adjustments and other effects of redeemable units classified as liabilities and the Class B LP Units, if any, amortization of right-of-use assets, lease principal payments, deferred income taxes, and amortization of tenant incentives and leasing costs. FFO also includes adjustments in respect of equity accounted entities for the preceding items. Normalized FFO is defined as FFO, net of adjustments for unique or non-recurring items.

AFFO is defined as FFO subject to certain adjustments, including differences resulting from recognizing ground lease payments and rental income on a straight-line basis, and reserves for normalized maintenance capital expenditures, tenant incentives and leasing costs. Normalized AFFO is defined as AFFO, net of adjustments for unique or non-recurring items.

The diluted weighted average number of units used to calculate diluted FFO per unit and diluted AFFO per unit reflects conversion of all dilutive potential units, represented by unit options, and restricted share units, assuming that unit options are exercised with the assumed proceeds (comprised of exercise price and any related unrecognized compensation cost) used to purchase units at the average market price during the period.

Normalized FFO and **Normalized AFFO** are considered important measures which adjust FFO and AFFO, respectively, to exclude the impact of unique or non-recurring items.

AFFO payout ratio, and **Normalized AFFO payout ratio** are calculated as total distributions declared during the period (including distributions declared on Class B LP Units) divided by AFFO, and Normalized AFFO, respectively.

BUSINESS OVERVIEW AND STRATEGY

Nexus Industrial REIT is an unincorporated, open-ended real estate investment trust governed by the laws of the Province of Ontario pursuant to an amended and restated declaration of trust dated March 7, 2022. The REIT owns and operates commercial real estate properties across Canada.

The strategy of the REIT is to grow by acquiring industrial real estate assets located in primary and secondary markets in Canada where opportunities exist to purchase assets on terms such that the acquisitions are expected to be accretive, on a per unit basis, to the AFFO of the REIT, or where there are opportunities to purchase high-quality, well-located assets that will enhance the overall quality of the REIT's portfolio of properties. The REIT seeks to identify potential acquisitions using investment criteria that focus on the security of cash flow, potential for capital appreciation, and potential for increasing value through management of the assets being acquired or development opportunities.

HIGHLIGHTS

- November 1 – acquired a 336,448 square foot industrial property located in London, Ontario for \$55.8 million with \$27.1 million of the purchase price being settled in units valued at \$11.30 per unit.
- September 12 – increased the REIT's unsecured credit facilities from \$375 million to \$525 million.
- July 4 – acquired a 141,534 square foot industrial property located in Burlington, Ontario for \$48.4 million.
- NOI from industrial properties anticipated to be approximately 91% for Q4 as a result of these transactions.
- Occupancy of 97% at September 30, 2023 was consistent with 97% at June 30, 2023 and September 30, 2022.
- Q3 2023 net operating income of \$29.3 million increased by \$4.4 million and 17.9% as compared to Q3 2022 net operating income of \$24.9 million and by \$1.6 million and 5.9% as compared to Q2 2023 net operating income of \$27.7 million.
- Q3 2023 Same Property NOI⁽¹⁾ of \$23.3 million increased by \$0.6 million and 2.5% as compared to Q3 2022.
- Q3 2023 Normalized FFO⁽¹⁾ per unit of \$0.198 as compared to \$0.196 for Q2 2023 and \$0.209 for Q3 2022.
- Q3 2023 Normalized AFFO⁽¹⁾ per unit of \$0.165 as compared to \$0.165 for Q2 2023 and \$0.179 for Q3 2022.
- Q3 2023 Normalized AFFO payout ratio⁽¹⁾ of 97.2%, as compared to 97.3% for Q2 2023 and 88.9% for Q3 2022.
- NAV⁽¹⁾ per unit of \$12.89 at September 30, 2023 as compared to \$12.49 at June 30, 2023 and \$12.45 at September 30, 2022.
- Debt to Total Assets of 48.5% at September 30, 2023 as compared to 48.0% at June 30, 2023. At September 30, 2023, \$153.5 million was undrawn on the REIT's lines of credit and the REIT had a \$758.8 million unencumbered asset pool.

ACQUISITIONS, DISPOSITIONS AND ASSETS HELD FOR SALE

ACQUISITION OF INCOME-PRODUCING PROPERTIES

(In thousands of Canadian dollars)

Property location	Acquisition date	Gross leasable area ("GLA")	Contractual purchase price \$	Fair value adjustment ⁽¹⁾ \$	Transaction costs \$	Investment properties acquired \$
Burlington, ON	July 4 th	141,534	48,370	-	2,218	50,588
London, ON	June 15 th	304,323	56,358	(3,791)	1,290	53,857
Laval, QC	June 1 st	191,878	64,701	-	2,553	67,254
London, ON	April 21 st	264,600	36,000	-	808	36,808
Casselman, ON	March 7 th	531,057	116,516	-	2,599	119,115
		1,433,392	321,945	(3,791)	9,468	327,622

(1) Fair value adjustment for Class B LP Units issued and mortgages assumed on acquisition.

On July 4, 2023, the REIT acquired a single-tenant industrial property with a GLA of 141,534 square feet located in Burlington, Ontario, for a contractual purchase price of \$48.4 million.

On June 15, 2023, the REIT acquired a single-tenant industrial property with a GLA of 304,323 square feet located in London, Ontario, for a contractual purchase price of \$56.4 million. The purchase price was partially satisfied through the issuance of 2,359,978 Class B LP Units at a deemed value of \$10.30 per unit which are convertible to REIT Units on a one-to-one basis with the balance, net of closing adjustments, satisfied in cash. The fair value of the units issued as purchase consideration, on the date of issuance, was measured at the closing price of the REIT's units on June 15, 2023, of \$8.44 per unit. The property was initially recorded at \$52 million, the fair value of the consideration paid. The carrying amount of the property was subsequently adjusted to the acquisition date fair value of the property of \$56.4 million.

On June 1, 2023, the REIT acquired a single-tenant industrial property with a GLA of 191,878 square feet located in Laval, Quebec for a contractual purchase price of \$64.7 million.

On April 21, 2023, the REIT acquired a single-tenant industrial property with a GLA of 264,600 square feet located in London, Ontario for a contractual purchase price of \$36.0 million.

On March 7, 2023, the REIT acquired a single-tenant industrial property with a GLA of 531,057 square feet located in Casselman, Ontario for a contractual purchase price of \$116.5 million. The REIT received a vendor rent obligation payment from the vendor of \$0.3 million to subsidize the lower base rent until March 7, 2025.

DISPOSITIONS

On June 5, 2023, the REIT sold an industrial property located in Kamloops, British Columbia for a selling price of \$4.2 million. Net of selling costs of \$0.1 million, the REIT received net cash proceeds of \$4.1 million. The sale generated a loss on disposal of \$0.1 million.

On April 26, 2023, the REIT sold a retail property located in Victoriaville, Quebec for a selling price of \$41.6 million. Net of selling costs of \$0.7 million and the repayment of a \$17.5 million mortgage against the property, the REIT received net cash proceeds of \$23.5 million. The sale generated a loss on disposal of \$0.7 million.

ASSETS HELD FOR SALE

As part of its capital-recycling program, the REIT intends to sell four office properties with a carrying value of \$31.6 million as at September 30, 2023. These properties are being marketed for sale.

DEVELOPMENT AND EXPANSION

During the nine months ended September 30, 2023, the REIT spent \$42.4 million on development projects. The REIT also acquired an 18-acre parcel of land in St. Thomas, Ontario for a contractual purchase price of \$4.5 million. The parcel acquired is adjacent to another property owned by the REIT. This parcel will facilitate a planned intensification at the property with the in-place tenant expected to expand into the additional GLA.

The following table provides details on our projects that are either currently underway or in the planning stage as at September 30, 2023:

Property location	Type of project	Additional GLA (square feet)	Costs incurred to date	Total estimated costs	Estimated yield	Estimated substantial completion
Underway						
Glover Rd. Hamilton, ON ⁽¹⁾	New Development	115,000	7,308	32,896	5.6%	H2 2024
Hubrey Rd. London, ON	Intensification	96,000	3,136	14,637	10.0%	H1 2024
Park Ave. Regina, SK	Intensification	312,000	33,245 ⁽²⁾	47,711 ⁽²⁾	7.5%	H1 2024
Total underway		523,000	43,689	95,244	7.2%	
Planning						
St. Thomas, ON ⁽³⁾	Hybrid	70,000	4,684			
Richard Ruston Dr. Windsor, ON	Intensification	60,000	-			
Cuddy Blvd. London, ON	Intensification	40,000	75			
Exeter Rd. London, ON	Intensification	210,000	14			
Clarke Rd. London, ON	Intensification	300,000	31			
South Service Rd. Hamilton, ON ⁽⁴⁾	New Development	243,000	19,480			
102 Ave. SE Calgary, AB	Intensification	up to 160,000	-			
Total planning		1,083,000	24,284			
Total underway and planning		1,606,000	67,973			

- (1) The REIT has an 80% interest in this development. Additional GLA represents 100% of the project and estimated costs include the REIT's acquisition of the other 20% interest in the project.
- (2) The REIT acquired the Park Ave. Regina, SK property in January 2022. The property included a 179,000 square foot building and excess land. Total estimated costs and costs incurred to date in respect of this development project exclude the value of the excess land acquired along with the existing building on the site.
- (3) The REIT is in discussion with the tenant to potentially increase the additional GLA to be constructed from 70,000 square feet to 240,000 square feet.
- (4) The REIT has an 80% interest in this development. Additional GLA represents 100% of the project.

(1) The REIT owns a 50% interest in these properties.

(2) Property is currently being redeveloped to higher yielding uses.

(3) As at September 30, 2023, 1771 Savage Road has a total committed occupancy of 100%.

(4) This is a mixed-use property with two buildings.

(5) As at September 30, 2023, 1540 South Service Road and 190 Glover Road are held for development. The REIT owns an 80% interest in these properties.

(6) Property is accounted for as an equity investment in joint venture.

(7) The REIT also holds a 22% interest in a limited partnership that owns a development property (844 Glancaster Rd, Hamilton). The interest in the Limited Partnership is accounted for as an investment in a financial asset.

RENTAL RATES

The following table summarizes in-place rental rates and estimated market rental rates for the REIT's industrial portfolio. Estimated market rental rates are based upon management's best estimates as at September 30, 2023.

	Occupied GLA	GLA as a % of Total GLA	Weighted average in-place rental rate (sq. ft.)	Estimated weighted average market rental rate (sq. ft.)	Spread between estimated market rental rates and in- place rental rates	WALT (years)
ALBERTA	2,640,022	25.2%	11.18	11.53	3.1%	5.85
SASKATCHEWAN	1,618,582	15.4%	10.01	10.42	4.1%	6.47
ONTARIO	4,567,830	43.5%	7.60	11.23	47.8%	7.02
QUEBEC	1,061,974	10.1%	12.92	18.39 ⁽¹⁾	42.3%	10.56
OTHER	600,585	5.7%	9.68	11.35	17.2%	6.55
TOTAL	10,488,993	100.0%	9.53	11.91	25.0%	6.97

(1) Includes an industrial property with 93,000 square feet of mezzanine space that is not included in the GLA. If included in the GLA, the weighted average in-place rental rate would be \$11.88 per square foot and the estimated weighted average market rental rate would be \$16.91 per square foot.

In addition to the estimated spread between market rents and in-place rents in the REIT's industrial portfolio shown above, many of the REIT's industrial leases contain contractual rent increases throughout their terms.

(1) See Non-IFRS Financial Measures.

(2) Normalized FFO and Normalized AFFO include adjustments for vendor rent obligation amounts related to the REIT's Richmond, BC property, which are payable from the vendor of the property until the buildout of the property is complete and all tenants are occupying and paying rent. The vendor rent obligation amount is not included in NOI for IFRS accounting purposes. Normalized FFO and Normalized AFFO exclude amounts recorded in other income related to estimated future vendor rent obligation amounts.

(3) Includes distributions payable to holders of Class B LP Units which are accounted for as finance expense in the consolidated financial statements.

(4) Weighted average number of units includes Class B LP Units.

NOI

Q3 2023 NOI of \$29.3 million was \$4.4 million higher than Q3 2022 NOI of \$24.9 million. Acquisitions completed subsequent to July 1, 2022 generated \$4.6 million of incremental NOI in Q3 2023 as compared to Q3 2022. Q3 2023 Same Property NOI increased \$0.6 million as compared to Q3 2022, primarily driven by rental steps and CPI increases at certain of the REIT's industrial properties as well as new and renewal lease lift. Higher straight-line rents contributed \$0.4 million to the increase over Q3 2022, driven primarily by newly acquired properties with steps in rent. The disposal of one small industrial property and four retail properties between July 2022 and September 2023 reduced NOI by \$1.0 million as compared to Q3 2022.

YTD Q3 2023 NOI of \$82.8 million was \$11.9 million higher than YTD Q3 2022 NOI of \$70.9 million. Acquisitions completed subsequent to January 1, 2022 generated \$10.9 million of incremental NOI YTD Q3 2023 as compared to YTD Q3 2022. YTD Q3 2023 Same Property NOI increased \$2.4 million as compared to YTD Q3 2022, primarily driven by rental steps and CPI increases at certain of the REIT's industrial properties as well as new and renewal lease lift. Higher straight-line rents contributed \$1.0 million to the increase over YTD Q3 2022, driven primarily by newly acquired properties with steps in rent. The disposal of an industrial and four retail properties since 2022 reduced NOI by \$2.3 million YTD Q3 2023 as compared to YTD Q3 2022.

General and administrative expense

General and administrative expense of \$1.4 million for Q3 2023 was consistent with \$1.5 million for Q3 2022.

YTD Q3 2023 general and administrative expense of \$5.5 million increased by \$0.5 million over YTD Q3 2022 primarily due to higher employment, severance, and restricted share unit costs.

Fair value adjustment of investment properties

The fair value adjustment of investment properties for Q3 2023 totalled \$30.1 million. The REIT engaged external appraisers to value properties totalling approximately \$489 million in the quarter, resulting in a net write up of income-producing properties of approximately \$26.9 million. One of the properties appraised accounted for approximately 84% of the \$26.9 million net write-up. Additionally, an investment property acquired in the second quarter with in-place rents significantly below market and purchased for approximately \$24 million less than appraised value was also revalued from its previous carrying value which approximated the purchase price, generating a fair value increase of approximately \$19.1 million in the quarter. Fair value gains recorded in respect of properties held for development totalled \$16.6 million for the quarter. The difference between the fair value of the properties held for development not considering development returns and the as completed fair value is recognized pro rata with costs incurred to date, excluding the cost of land, as compared to total budgeted development costs excluding the cost of land. Partially offsetting these fair value gains were fair value adjustments for the remainder of the REIT's portfolio totalling \$24.4 million, relating primarily to cap rate expansion applied primarily to the REIT's properties in Calgary, Montreal and British Columbia, \$5.9 million of capital expenditures fair valued to zero, and \$2.2 million of fair value adjustments related to transaction costs in connection with an acquisition completed during the quarter.

The fair value adjustment of investment properties of \$60.4 million for YTD Q3 2023 reflects the net write up of income properties of \$61.8 million primarily in respect of changes related to stabilized NOI and capitalization rates, \$16.6 million of fair value gains in respect of properties held for development, and \$4.4 million of fair value gains relating to the remeasurement of Class B LP Units issued as part of an acquisition in Q2 2023. Partially offsetting this is \$12.0 million of capital expenditures fair valued to zero, \$8.9 million of fair value losses related to transaction costs and mark to market adjustments on mortgages assumed in connection with acquisitions completed during the year, and \$1.5 million of fair value losses relating to revaluation adjustments to investment properties prior to disposition.

Fair value adjustment of financial instruments

Fair value adjustments of Class B LP Units are driven by changes in the trading price of REIT Units into which the Class B LP Units are exchangeable. The trading price of the REIT's units as at September 30, 2023 was \$7.19 as compared to \$8.48 as at June 30, 2023 and \$8.36 per unit as at September 30, 2022. As at September 30, 2023, 22,216,582 Class B LP Units were outstanding.

Fair value gains on derivative financial instruments of \$3.8 million and \$6.3 million were recorded for Q3 2023 and YTD Q3 2023, respectively. The fair value gain is due to increases in interest rates from July 1, 2023 to September 30, 2023 and from January 1, 2023 to September 30, 2023, respectively, which impacted the fair value of interest rate swaps that the REIT is a party to. The interest rate swaps effectively fix interest rates on \$282.2 million drawn on the REIT's credit facilities and \$160.3 million of floating rate mortgages.

Unrealized foreign exchange adjustments, income from equity accounted investment and other

Q3 2023 unrealized foreign exchange loss of \$0.2 million decreased by \$0.3 million over Q3 2022 and YTD Q3 2023 unrealized foreign exchange gain of \$0.1 million increased by \$0.8 million over YTD Q3 2022 primarily due to foreign exchange rate fluctuations on other liabilities denominated in US dollars.

Income from equity accounted investment in joint venture of \$0.2 million for Q3 2023 is comprised primarily of the REIT's \$0.3 million share of NOI from the joint venture investment property and its \$0.1 million share of the fair value gain related to the mark to market of interest rate swaps in place at the joint venture, offset by its \$0.2 million share of interest and general and administrative expense.

Income from equity accounted investment in joint venture of \$0.6 million for YTD Q3 2023 is comprised primarily of the REIT's \$0.8 million share of NOI from the joint venture investment property and its \$0.3 million share of a fair value gain related to the mark to market interest rate swaps in place at the joint venture, offset by its \$0.5 million share of interest and general and administrative expense.

Other income of \$0.9 million for Q3 2023 consists of vendor rent obligation of \$0.8 million and debt guarantee fee income of \$0.1 million relating to guarantees provided by a subsidiary of the REIT for debt secured by land that the REIT shares an interest in. During the period, the estimated vendor rent obligation related to the REIT's Richmond, BC property was reassessed and an accrual was made for four additional months of vendor obligation (from September 2023 to December 2023).

Other income of \$1.8 million for YTD Q3 2023 consists of vendor rent obligation of \$1.6 million and debt guarantee fee income of \$0.2 million relating to guarantees provided by a subsidiary of the REIT for debt secured by land that the REIT shares an interest in. During the period, the estimated vendor rent obligation related to the REIT's Richmond, BC property was reassessed, and an accrual was made for eight additional months of vendor rent obligation (from May 2023 to December 2023).

Net interest expense

Net interest expense of \$11.0 million for Q3 2023 increased by \$3.4 million over Q3 2022 driven by \$4.2 million due to higher borrowings, \$0.9 million due to higher interest rates on the Credit Facilities for which the weighted average interest rate was 5.55% for Q3 2023 as compared to 3.89% in Q3 2022, and \$0.4 million due to mortgages assumed following acquisitions since Q3 2022. Partially offsetting was the capitalization of interest expense of \$1.4 million on the development costs, lower mortgage interest expense of \$0.6 million following the sale of five properties since Q3 2022 and \$0.1 million due to mortgage repayments since Q3 2022.

YTD Q3 2023 Net interest expense of \$29.2 million increased by \$8.2 million over YTD Q3 2022 driven by \$9.4 million due to higher borrowings, \$0.5 million due to higher interest rates on the Credit Facilities for which the weighted average interest rate was 5.74% for YTD Q3 2023 as compared to 3.47% in YTD Q3 2022, and \$0.7 million due to mortgages assumed following acquisitions since Q3 2022 and \$0.6 million increase due to mortgages assumed during YTD Q3 2022. Partially offsetting was the capitalization of interest expense of \$1.4 million on the development costs, lower mortgage interest expense of \$1.2 million following the sale of five properties since Q3 2022 and \$0.4 million due to mortgage repayments since Q3 2022.

SELECT BALANCE SHEET DATA

(In thousands of Canadian dollars)

	September 30, 2023 \$	December 31, 2022 \$
Investment properties	2,261,911	1,822,639

NAV per unit

(In thousands of Canadian dollars, except per unit amounts)

	September 30, 2023	December 31, 2022
NAV per unit ⁽¹⁾	\$	\$
Total assets	2,380,435	1,967,501
Less: Total liabilities	(1,372,976)	(1,094,961)
	1,007,459	872,540
Add: Class B LP Units	159,737	195,857
Net asset value (NAV)	1,167,196	1,068,397
Units outstanding (000s) – basic:		
REIT Units	68,344	67,323
Class B LP Units	22,217	20,317
	90,561	87,640
NAV per unit – basic	12.89	12.19

(1) See Non-IFRS Financial Measures.

The REIT's NAV per unit as at September 30, 2023 was \$12.89 as compared to \$12.19 as at December 31, 2022. The increase is primarily attributable to an increase of \$60.4 million in the fair value of the REIT's investment properties in 2023, partially offset by the issuance of 2,359,978 Class B LP Units at a deemed value of \$10.30 as purchase price consideration and a slightly higher number of REIT Units outstanding due to issuances under the REIT's DRIP and unit compensation programs.

Debt to total assets

(In thousands of Canadian dollars)

	September 30, 2023	December 31, 2022
Debt to total asset ratio ⁽¹⁾	\$	\$
Current and non-current:		
Mortgages payable	689,859	704,034
Credit Facilities	440,254	112,532
Lease liabilities	10,504	10,541
Liabilities associated with assets held for sale	14,956	32,891
Debt	1,155,573	859,998
Total assets	2,380,435	1,967,501
Debt to total asset ratio	48.5%	43.7%

(1) See Non-IFRS Financial Measures.

The REIT's debt to total assets as at September 30, 2023 was 48.5% as compared to 43.7% as at December 31, 2022. The increase is primarily related to borrowings to complete capital expenditures, development projects and acquisitions.

SUMMARY OF QUARTERLY RESULTS

(In thousands of Canadian dollars)

(1) Adjustment for equity accounted joint venture relates to a fair value adjustment of swaps in place at the joint venture to swap floating rate bankers' acceptance rates to a fixed rate and fair value adjustment of the joint venture investment property.

(2) Normalized FFO and Normalized AFFO include adjustments for vendor rent obligation amounts related to the REIT's Richmond, BC property, which are payable from the vendor of the property until the buildout of the property is complete and all tenants are occupying and paying rent. The vendor rent obligation amount is not included in NOI for accounting, but the estimated total amount of vendor rent obligation is recorded in other income. Normalized FFO and Normalized AFFO exclude estimated future vendor rent obligation amounts included in other income in the consolidated statements of income and comprehensive income and include the scheduled quarterly rents receivable in the form of vendor rent obligation.

(3) Capital reserve includes maintenance capital expenditures, tenant incentives and leasing costs. Reserve amounts are established with reference to building condition reports, appraisals, and internal estimates of tenant renewal, tenant incentives and leasing costs. The REIT believes that a reserve is more appropriate given the fluctuating nature of these expenditures.

(4) Weighted average number of units includes the Class B LP Units.

AFFO CAPITAL RESERVE

(In thousands of Canadian dollars, except per square foot amounts)

	Three months ended September 30,			Nine months ended September 30,		
	2023	2022	Change	2023	2022	Change
	\$	\$	\$	\$	\$	\$
Capital reserve	1,550	1,300	250	4,500	3,800	700
Average square feet of GLA	12,172,451	10,610,504	1,561,947	11,683,700	10,318,650	1,365,050
Annualized capital reserve per square foot of GLA	\$0.51	\$0.49	\$0.02	\$0.51	\$0.49	\$0.02
Actual tenant incentives and leasing costs ⁽¹⁾	734	1,747	(1,013)	3,157	2,870	287
Actual maintenance capital expenditures ⁽²⁾	4,324	311	4,013	5,809	882	4,927
Total spending funded by the REIT	5,058	2,058	3,000	8,966	3,752	5,214
Average square feet of GLA	12,172,451	10,610,504	1,561,947	11,683,700	10,318,650	1,365,050
Annualized capital spent per square foot of GLA unadjusted for capital reserve	\$1.66	\$0.78	\$0.88	\$1.02	\$0.48	\$0.54

⁽¹⁾ Excludes tenant incentives costs incurred in Q3 2023 and YTD Q3 2023 in the amounts of \$nil (2022 – \$1.4 million) and \$0.8 million (2022 - \$1.4 million), respectively, for the repurposing of a previous industrial space into significantly higher yielding uses and for incremental revenue generation relating to a property sold on April 26, 2023.

⁽²⁾ Excludes capital expenditures incurred in Q3 2023 and YTD Q3 2023 in the amounts of \$1.6 million (2022 – \$0.3 million) and \$6.3 million (2022 - \$0.3 million), respectively, for the repurposing of a previous industrial space into significantly higher yielding uses and for incremental revenue generation relating to a property sold on April 26, 2023.

Actual capital spending and tenant incentive and leasing costs for YTD Q3 2023 of \$9.0 million is \$4.5 million higher than the \$4.5 million capital reserve included in AFFO. YTD Q3 2023, the REIT incurred \$2.9 million of major capital expenditures, which are recoverable from the tenants over the expected useful life of the capital expenditures.

The following is a reconciliation of the REIT's AFFO to cash flows from operating activities:

FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

The REIT's principal source of liquidity is cash on hand and the undrawn borrowing capacity on its Credit Facilities. As at September 30, 2023, the REIT had cash of \$15.7 million (December 31, 2022 - \$11.5 million) and a working capital deficit of \$129.5 million (December 31, 2022 - \$25.2 million). Excluding the current portion of mortgages payable of \$77.3 million, liabilities associated with assets held for sale of \$15.0 million and assets held for sale of \$31.6 million, working capital would be a deficit of \$68.9 million. The REIT expects that it will be able to refinance the mortgages on their maturities. Management of the REIT believes that sufficient cash from operations will be generated to settle the REIT's liabilities as they come due, and the REIT has the ability to draw amounts on the Credit Facilities if required. The REIT has sufficient liquidity to maintain and expand its business.

Changes in cash for the periods noted are detailed in the following table:

(In thousands of Canadian dollars)	Three months ended			Nine months ended		
	September 30,			September 30,		
	2023	2022	Change	2023	2022	Change
	\$	\$	\$	\$	\$	\$
Cash generated by (used in)						
Operating activities	8,927	17,923	(8,996)	33,711	27,804	5,907
Investing activities	(68,121)	(50,178)	(17,943)	(280,893)	(273,915)	(6,978)
Financing activities	66,966	34,654	32,312	251,333	174,380	76,953
Change in cash	7,772	2,399	5,373	4,151	(71,731)	75,882
Cash – beginning of period	7,912	8,149	(237)	11,533	82,279	(70,746)
Cash – end of period	15,684	10,548	5,136	15,684	10,548	5,136

Cash generated from operating activities for Q3 2023 of \$8.9 million decreased by \$9.0 million compared to \$17.9 million for Q3 2022. The decrease is primarily driven by a decrease in total changes in non-cash operating items of \$9.7 million primarily due to a decrease of \$7.9 million from change in accounts payable and other liabilities due to timing of payments and receipts and \$1.3 million increase in deposits in respect of potential acquisitions, and an increase of \$3.7 million in finance expense as a result of higher debt balances, increased interest rates and an increase in the number of Class B Units outstanding. Partially offsetting this is an increase in net operating income of \$4.4 million.

Cash generated from operating activities for YTD Q3 2023 of \$33.7 million increased by \$5.9 million compared to \$27.8 million for YTD Q3 2022. The increase was due to an increase in net operating income of \$11.9 million, an increase in total changes in non-cash operating items of \$2.5 million primarily due to a decrease of \$3.1 million from change in accounts payable and other liabilities due to the timing of payments and receipts and \$7.1 million increase in deposits in respect of potential acquisitions. Partially offsetting this is an increase of \$8.5 million in finance expense as a result of higher debt balances, increased interest rates and an increase in the number of Class B Units outstanding

Cash used in investing activities for Q3 2023 of \$68.1 million is primarily related to \$50.0 million of cash used to acquire an income-producing property, \$11.4 million of cash used to develop properties held for development and the remainder of cash used in investing activities relates to tenant incentives, leasing costs and capital spending in the amount of \$6.6 million.

Cash used in investing activities for YTD Q3 2023 of \$280.9 million is primarily related to \$272.4 million of cash used to acquire five income-producing properties, \$4.6 million of cash used to purchase a parcel of land, \$15.4 million of cash used to develop properties held for development, offset by \$27.6 million of proceeds obtained from the sale of a retail property located at Victoriaville, Quebec and an industrial property located at Kamloops, British Columbia and the remainder of cash used in investing activities relates to tenant incentives, leasing costs and capital spending in the amount of \$16.1 million.

Cash generated from financing activities for Q3 2023 of \$67.0 million is primarily related to \$85.1 million of net borrowing on the Credit Facilities, partially offset by cash distributions to unitholders of \$9.2 million, mortgage principal repayments of \$8.5 million and \$0.4 million of financing cost relating to the Unsecured Credit Facilities upside.

Cash generated from financing activities for YTD Q3 2023 of \$251.3 million is primarily related to \$329.0 million of net borrowing on the Credit Facilities, partially offset by cash distributions to unitholders of \$28.4 million, mortgage principal repayments of \$47.3 million, \$0.1 million of issuance cost relating to the ATM program and \$1.7 million of financing cost relating to the new unsecured Credit Facilities.

The REIT believes that it has sufficient financial resources and generates sufficient cash from operations to operate its investment properties and to identify, investigate and complete potential acquisitions, and to fund further expenditures as required.

MORTGAGES PAYABLE

As at September 30, 2023, the mortgages payable are secured by charges against 76 of the REIT's investment properties. The weighted average interest rate of the mortgages payable including deferred financing costs and interest rate swap agreements is 3.31% (December 31, 2022 – 3.21%) and the weighted average term to maturity is 5.86 years (December 31, 2022 – 6.08 years). The breakdown of future principal repayments, including mortgage maturity, is presented in the following table:

(In thousands of Canadian dollars)	Scheduled repayments \$	Principal maturities \$	Total \$	Weighted average interest rate of maturing mortgages ⁽¹⁾
Remainder of 2023	4,618	29,278	33,896	2.36%
2024	18,063	36,984	55,047	4.30%
2025	17,101	48,642	65,743	3.48%
2026	14,978	89,123	104,101	3.04%
2027	12,609	51,727	64,336	3.67%
Thereafter	90,158	292,038	382,196	3.27%
Total	157,527	547,792	705,319	3.31%

(1) Weighted average interest rate - including deferred financing costs and interest rate swap agreements.

CREDIT FACILITIES

On March 1, 2023, the REIT replaced its existing revolving credit facility of \$140 million ("Credit Facility 3") with senior unsecured credit facilities totalling \$375 million (the "Unsecured Facilities"). The Unsecured Facilities are comprised of a \$190 million revolving credit facility, a \$175 million term loan facility and a \$10 million swingline facility. On September 12, 2023, the REIT increased the Unsecured Facilities by \$150 million, from \$375 million to \$525 million, which represents a corresponding increase in the revolving credit facility from \$190 million to \$340 million. The Unsecured Facilities matures on March 1, 2026. The REIT is allowed to draw against the revolving credit facility and the term loan facility in the form of prime rate advances or bankers' acceptances and may draw against the swingline facility in the form of prime rate advances.

Interest margins are based on the Total Indebtedness Ratio as at the last date of the most recently completed financial quarter. For a Total Indebtedness Ratio below 50%, prime rate advances bear interest at 70 basis points per annum over the lender's Canadian prime borrowing rate, bankers' acceptance, and letter of credit advances bear interest at 170 basis points per annum over the floating bankers' acceptance and letter of credit rate respectively. For a Total Indebtedness Ratio from 50% to 55.5%, prime rate advances bear interest at 95 basis points per annum over the lender's Canadian prime borrowing rate, bankers' acceptance, and letter of credit advances bear interest at 195 basis points per annum over the floating bankers' acceptance and letter of credit rate respectively. For a Total Indebtedness Ratio above 55.5%, prime rate advances bear interest at 125 basis points per annum over the lender's Canadian prime borrowing rate, bankers' acceptance, and letter of credit advances bear interest at 225 basis points per annum over the floating bankers' acceptance and letter of credit rate respectively. The unadvanced portion of the Unsecured Facilities is subject to a predetermined standby fee. As at September 30, 2023, \$202 million was drawn against the revolving portion of this credit facility, \$175 million was drawn against the term loan portion of this facility and the swingline portion of this facility was undrawn.

The Unsecured Facilities includes, inter alia, covenants that the REIT: (i) will not allow the Debt to Gross Book Value Ratio to exceed 60% at any time, (ii) will not allow the Secured Indebtedness Ratio to exceed 50% at all times through to and including March 31, 2024 and 45% at all times from April 1, 2024 and thereafter, (iii) will not allow the Debt Service Coverage Ratio to be less than 1:40:1, (iv) will not allow Adjusted Unitholders' Equity to be less than \$600 million plus 75% of net proceeds in connection with any equity offering by the REIT after March 1, 2023, (v) will not allow Unencumbered Asset Value Ratio to be less than 1.40:1. As at September 30, 2023, the

REIT was in compliance with these covenants. The Unsecured Facilities also contains restrictions on, inter alia, change of business, change in year-end, leasing or prepaid rent on non-market terms, sale of assets, limitations on distributions, mergers, and acquisitions without the consent of the lender and includes events of default such as failure to pay any amount of principal, interest, or other obligations under the credit facility when due, failure to observe covenants and involuntary insolvency.

Debt to Gross Book Value Ratio is a defined term in Unsecured Facilities. Debt to Aggregate Assets Ratio is calculated by dividing the REIT's consolidated indebtedness by the REIT's gross book value.

Secured Indebtedness Ratio is a defined term in Unsecured Facilities. Secured Indebtedness Ratio is calculated by dividing the REIT's consolidated secured indebtedness by the REIT's gross book value.

Debt Service Coverage Ratio is a defined term in Unsecured Facilities. Debt Service Coverage Ratio is calculated by dividing the REIT's consolidated earnings before interest, income taxes, depreciation, and amortization by the REIT's debt service (principal repayments plus interest expense).

Adjusted Unitholders' Equity is a defined term in Unsecured Facilities. Adjusted Unitholders' Equity is calculated as the sum of the REIT's total unitholders' equity and Class B LP Units.

Unencumbered Asset Value Ratio is a defined term in Unsecured Facilities. Unencumbered Asset Value Ratio is calculated by dividing the REIT's consolidated unencumbered property asset value by the REIT's consolidated unsecured indebtedness.

Debt to Gross Book Value Ratio, Secured Indebtedness Ratio, Debt Service Coverage Ratio, Adjusted Unitholders' Equity and Unencumbered Asset Value Ratio are not used by the REIT as a measure of the REIT's future or historical financial performance, financial position, or cash flow, but are used solely to determine the REIT's compliance with its covenants set out in the Unsecured Facilities Agreement.

The REIT has a \$0.5 million revolving line of credit ("**Credit Facility 2**") bearing interest at 100 basis points per annum over the Canadian prime borrowing rate. Credit Facility 2 is secured against five of the REIT's investment properties and allows the REIT to draw down a yearly average maximum of 75% of the \$0.5 million credit limit. As at September 30, 2023, Credit Facility 2 was undrawn (December 31, 2022 - undrawn).

On September 13, 2019, the REIT refinanced its existing credit facility to a fixed-term facility of \$65 million and a revolving facility of \$5 million (Collectively "**Credit Facility 1**"). Credit Facility 1 matures on September 13, 2024 and is secured against 13 of the REIT's investment properties. The \$65 million fixed-term facility bears interest at the 30-day Bankers' acceptance rate plus 150 basis points. Concurrent with the refinancing, the REIT entered into interest rate swap agreements totalling \$65 million to swap floating 30-day Bankers' acceptance rates for a fixed rate of 1.65%, such that the interest rate on the fixed-term facility, including the 150-basis point spread, is fixed at 3.15%. The \$5 million revolving credit facility allows the REIT to draw against the facility in the form of prime rate advances or Bankers' acceptances. Prime rate advances bear interest at 100 basis points per annum over the Canadian prime borrowing rate. Bankers' acceptance advances bear interest at 200 basis points per annum over the floating bankers' acceptance rate. As at September 30, 2023 the revolving portion of this credit facility was undrawn (December 31, 2022 - undrawn).

Credit Facility 1 includes, inter alia, covenants that RW Real Estate Holdings Limited Partnership ("**RW LP**"), a subsidiary of the REIT which is party to the Credit Facility: (i) will not allow the Total Funded Debt to Real Property Ratio to exceed 60% at any time; and (ii) the Interest Coverage Ratio shall not be less than 2.25:1.00. As at September 30, 2023, RW LP was in compliance with both of these covenants. Credit Facility 1 also contains restrictions on, inter alia, change of business, sale of assets, and mergers and acquisitions without the consent of the lender and includes events of default such as failure to pay any amount of principal, interest or other obligations under the credit facility when due, failure to observe covenants and involuntary insolvency.

Total Funded Debt to Real Property Ratio is a defined term contained in Credit Facility 1. Total Funded Debt to Real Property Ratio is calculated as the total amount drawn against Credit Facility 1 divided by the fair market value of the investment properties of RW LP.

Interest Coverage Ratio is a defined term contained in Credit Facility 1. Interest Coverage Ratio is calculated by dividing the interest expense of RW LP by the result of the following as contained in the RW LP Statement of Income: net income plus interest expense, plus loss on fair value adjustment of investment properties, less gain on fair value adjustment of investment properties, plus depreciation and amortization.

Total Funded Debt to Real Property Ratio and Interest Coverage Ratio are not used by the REIT as a measure of the REIT's future or historical financial performance, financial position, or cash flow, but are used solely to determine RW LP's compliance with its covenants set out in the Credit Facility 1 Agreement.

(Credit Facility 1, Credit Facility 2 and Unsecured Facilities, collectively "the **Credit Facilities**")

Amounts drawn against the Credit Facilities are as follows:

(In thousands of Canadian dollars)	September 30, 2023	December 31, 2022
	\$	\$
Bankers' acceptance borrowings	441,995	65,000
Prime rate borrowings	5	48,000
Total drawn against the Credit Facilities	442,000	113,000
Less: deferred financing costs	(1,746)	(468)
Balance, end of period	440,254	112,532

Amounts drawn on the Credit Facilities as at September 30, 2023 are as follows:

(In thousands of Canadian dollars)	Total principal amount	Weighted average interest rate	Repricing date
	\$		
Bankers' acceptance borrowings not covered by swaps	159,813	7.09%	Variable ⁽¹⁾
Bankers' acceptance borrowings covered by swaps	282,182	4.87% ⁽²⁾	Variable ⁽²⁾
Prime rate borrowings	5	7.90%	Variable

(1) Dates between October 13, 2023 and October 31, 2023.

(2) Represents the weighted average interest rate net of the effect of swaps in place. The REIT is party to five swaps that effectively fix the 30-day bankers' acceptance rate on borrowings under the Credit Facilities as follows:

An amortizing swap with a notional amount of \$17,182 as at September 30, 2023, at a rate of 1.01% such that the interest rate on borrowings, including the current 170 basis point spread, is fixed at 2.71% for the life of the swap.

A \$50,000 swap at a rate of 4.045%, such that the interest rate on the borrowings, including the current 170 basis point spread, is fixed at 5.745% for the life of the swap.

A \$100,000 swap at a rate of 4.18%, such that the interest rate on the borrowings, including the current 170 basis point spread, is fixed at 5.88% for the life of the swap.

A \$50,000 swap at a rate of 3.26%, such that the interest rate on the borrowings, including the current 170 basis point spread, is fixed at 4.96% for the life of the swap.

A \$65,000 swap at a rate of 1.65%, such that the interest rate on the fixed-term facility, including the applicable 150 basis point spread, is fixed at 3.15% for the life of the swap.

SIGNIFICANT ACCOUNTING POLICIES AND ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities and contingent liabilities at the date of the financial statements and the reported amount of revenues and expenses during the period. Actual results may differ materially from these estimates. The estimates and judgments used in determining the recorded amount for asset, liabilities and equity in the financial statements include the following:

Valuation of investment properties

Fair value is determined with reference to external valuations and internal valuations based on the direct income capitalization method. The critical assumptions and estimates used by management and external valuations when determining the fair value of investment properties are stabilized net rental income and capitalization rates (see note 4 of the consolidated financial statements). Management determines fair value internally utilizing financial information, external market data and capitalization rates determined by reference to third party appraisals and reports published by industry experts including commercial real estate brokerages. The REIT also applies judgment in determining whether the properties it acquires are considered to be asset acquisitions or business combinations. As at September 30, 2023, a 0.25% increase in the weighted average capitalization rate would result in a decrease of approximately \$89.3 million in the determination of the fair value of the investment properties. A 0.25% decrease in the weighted average capitalization rate would result in an increase of approximately \$97.1 million in the determination of the fair value of the investment properties.

STANDARDS ISSUED BUT NOT YET EFFECTIVE

There are pending changes to IFRS which are not yet effective for the current period and have not been applied in the preparation of the REIT's consolidated financial statements:

IAS 1, Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants

On January 23, 2020, the IASB issued "Classification of Liabilities as Current or Non-current (Amendments to IAS 1)". The amendments clarify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period. The amendments also clarify the definition of "settlement" and provide situations which would be considered as a settlement of a liability. In October 2022, the IASB issued "Amendments to IAS 1 - Non-current Liabilities with Covenants". These further amendments clarify how to address the effects on classification and disclosure of covenants currently applicable and covenants that will apply in future periods. These amendments are effective January 1, 2024, with earlier application permitted and are to be applied retrospectively. The REIT is currently evaluating the impact of these amendments on its consolidated financial statements.

DISCLOSURE CONTROLS AND PROCEDURES AND INTERNAL CONTROL OVER FINANCIAL REPORTING

The REIT's Chief Executive Officer and Chief Financial Officer are responsible for establishing and maintaining disclosure controls and procedures ("DC&P") and internal controls over financial reporting ("ICFR") as those terms are defined in National Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*.

The Chief Executive Officer and the Chief Financial Officer of the REIT have evaluated and determined that, as of September 30, 2023:

- the design of DC&P was appropriate to provide reasonable assurance that material information is made known to us by others in a timely manner and that information required to be disclosed by the REIT is recorded, processed, summarized, and reported within the time periods specified in securities legislation; and
- the design of ICFR was appropriate to provide reasonable assurance regarding the reliability of the REIT's financial reporting and the preparation of financial statements for external purposes in accordance with IFRS; and

There were no changes in the REIT's design of internal controls over financial reporting in Q3 2023 that materially affected or are likely to materially affect, the REIT's internal controls over financial reporting.

Internal controls over financial reporting cannot provide absolute assurance of achieving financial reporting objectives because of their inherent limitations. Internal control over financial reporting is a process that involves human diligence and compliance and is subject to lapses in judgment and breakdowns resulting from human failures. Internal control over financial reporting also can be circumvented by collusions or improper management override. A control system, no matter how well conceived and operated, can provide only reasonable assurance that the objectives of the control system are met.

FINANCIAL INSTRUMENTS AND RISKS AND UNCERTAINTIES

Real property ownership and tenant risk

All real property investments are subject to elements of risk. The value of real property and any improvements thereto depends on the credit and financial stability of tenants and upon the vacancy rates of the property. The properties generate revenue through rental payments made by the tenants thereof. The ability to rent vacant property will be affected by many factors, including changes in general economic conditions (such as the availability and cost of mortgage funds), local conditions (such as an oversupply of space or a reduction in demand for real estate in the area), government regulations, changing demographics, competition from other available properties, and various other factors.

Upon the expiry of any lease, there can be no assurance that the lease will be renewed, or the tenant will be replaced. The terms of any subsequent lease may be less favourable to the REIT than those of an existing lease. In the event of default by a tenant, the REIT may experience delays or limitations in enforcing its rights as landlord and incur substantial costs in protecting its investment. Furthermore, at any time, a tenant may seek the protection of bankruptcy, insolvency or similar laws which could result in the rejection and termination of the lease of the tenant and, thereby, cause a reduction in the cash flows available to the REIT.

Competition

The real estate business is competitive. Numerous developers, managers and owners of properties compete with the REIT when seeking tenants. Some of the competing properties may be better located than the REIT's properties. The existence of competition could have an impact on the REIT's ability to lease its properties and could have an impact on the rents that can be charged. The REIT is subject to competition for suitable real property investments and a number of these competitors have greater financial resources than those of the REIT. There is a risk that continuing increased competition for real property acquisitions may increase purchase prices to levels that are not accretive.

Fixed costs and increased expenses

The REIT incurs a number of fixed costs which must be paid throughout its ownership of real property, regardless of whether its properties are producing income. Fixed costs include utilities, property taxes, maintenance costs, mortgage payments, insurance costs, and related costs.

General uninsured risks

The REIT carries comprehensive general liability, fire, flood, extended coverage and rental loss insurance with customary policy specifications, limits and deductibles. There can be no assurance, however, that claims in excess of the insurance coverage or claims not covered by the insurance coverage will not arise or that the liability coverage will continue to be available on acceptable terms.

Environmental and litigation risk

The REIT is subject to federal, provincial, and local environmental regulations that apply generally to the ownership of real property and the operation of commercial properties. If it fails to comply with those laws, the REIT could be subject to significant fines or other governmental sanctions. Under various federal, provincial, and local laws, ordinances and regulations, an owner or operator of real estate may be required to investigate and clean up hazardous or toxic substances or petroleum product releases at a facility and may be held liable to a governmental entity or to third parties for property damage and for investigation and clean-up costs incurred by such parties in connection with contamination. Such liability may be imposed whether or not the owner or operator knew of, or was responsible for, the presence of these hazardous or toxic substances. The cost of investigation,

remediation or removal of such substances may be substantial, and the presence of such substances, or the failure to properly remediate such substances, may adversely affect the REIT's ability to sell or rent such facility or to borrow using such facility as collateral. To assess the potential for liabilities arising from the environmental condition at the REIT's properties, the REIT may obtain or examine environmental assessments prepared by environmental consulting firms. The environmental assessments received in respect of the investment properties have not revealed, nor is the REIT aware of, any environmental liability that the REIT believes will have a material adverse effect on it.

In addition, in connection with the ownership, operation and management of real estate properties, the REIT could potentially be liable for property damage or injuries to persons and property. In the normal course of the REIT's operations, it may become involved in, named as a party to or the subject of, various legal proceedings, including regulatory proceedings, tax proceedings and legal actions relating to personal injuries, property damage, property taxes, land rights, the environment and contract disputes.

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a loss to another party by failing to settle its obligations. The REIT is subject to credit risk with respect to its cash deposited with financial institutions and tenant and other receivables. As at September 30, 2023, one tenant accounted for approximately 12% of the REIT's base rental income, resulting in a concentration of credit risk. The REIT monitors the creditworthiness of its tenants on an ongoing basis. The REIT mitigates credit risk by monitoring the credit ratings of the institutions holding the REIT's deposits. The REIT has examined its tenant receivables for indications of impairment. The tenant receivables default rate of the REIT is less than 0.5%.

Liquidity risk

Liquidity risk is the risk that the REIT will not have the financial resources required to meet its financial obligations as they come due. The REIT manages this risk by ensuring it has sufficient cash on hand or borrowing capacity to meet obligations as they come due by forecasting cash flows from operations, cash required for investing activities and cash from financing activities. As at September 30, 2023, the REIT had cash of \$15.7 million (December 31, 2022 - \$11.5 million), mortgages payable of \$705.3 million (December 31, 2022 - \$738.4 million), a balance of \$442.0 million drawn against the Credit Facilities (December 31, 2022 - \$113.0 million) and accounts payable and other liabilities of \$53.9 million (December 31, 2022 - \$35.2 million). The REIT had a working capital deficit of \$129.5 million as at September 30, 2023 (December 31, 2022 - \$25.2 million deficit). Excluding the current portion of mortgages payable of \$77.3 million, liabilities associated with assets held for sale of \$15.0 million, and assets held for sale of \$31.6 million, working capital would be a deficit of \$68.9 million. The REIT expects that it will be able to refinance the mortgages on their maturities. The REIT has access to undrawn amounts under the Credit Facilities and expects to generate sufficient cash from operations to satisfy its financial liabilities as they come due.

The contractual maturities and repayment obligations of the REIT's financial liabilities are as follows:

(In thousands of Canadian dollars)	Accounts payable and other liabilities \$	Lease liabilities \$	Credit Facilities principal repayment \$	Interest on fixed portion of Credit Facilities \$	Mortgages payable \$	Mortgage interest \$	Total \$
Remainder of 2023	44,683	135	-	3,437	33,896	5,489	87,640
2024	1,073	529	65,000	13,124	55,047	20,589	155,362
2025	1,109	551	-	11,636	65,743	18,695	97,734
2026	1,147	551	377,000	1,816	104,101	16,097	500,712
2027	1,185	551	-	-	64,336	13,088	79,160
Thereafter	4,680	22,889	-	-	382,196	44,682	454,447
	53,877	25,206	442,000	30,013	705,319	118,640	1,375,055

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market interest rates. There is a risk that the REIT may not be able to renegotiate its mortgages and Credit Facilities at maturity on terms as favourable as the existing mortgages payable and credit facilities. As at September 30, 2023, there was a total of \$608.6 million (December 31, 2022 - \$300.7 million) of mortgage and credit facilities borrowings which bear interest at floating bankers' acceptance or Canadian prime rates plus a fixed spread. There is a risk that prevailing interest rates could increase, and those increases could be significant. The REIT mitigates interest rate risk by maintaining reasonable levels of debt to investment property value and aims to structure new debt to stagger the maturities to ensure that the majority of debt does not come due for repayment in any one particular year. As at September 30, 2023, the REIT has interest rate swap agreements totalling \$442.5 million (2022 - \$247.6 million) to mitigate interest rate risk arising from floating rate debt.

The REIT is a party to interest rate swap agreements to swap floating rate interest for fixed rate interest over the terms of certain mortgages and over the term of Credit Facility 1. The interest rate swap agreements expire coterminous with the maturity of the corresponding mortgages and Credit Facility 1.

The following table presents relevant information on interest rate swap agreements:

(In thousands of Canadian dollars)

Effective date	Effective fixed interest rate	Maturity date	Original notional amount \$	Current notional amount \$	Fair value (gain) loss \$
April 2019	3.67% ⁽¹⁾	April 24, 2024	12,000	10,875	(214)
April 2019	3.74% ⁽¹⁾	April 24, 2026	12,500	11,342	(785)
April 2019	3.87% ⁽¹⁾	April 24, 2029	12,500	11,367	(1,149)
September 2019	3.15% ⁽¹⁾	September 13, 2024	65,000	65,000	(2,468)
November 2020	2.82% ⁽¹⁾	November 2, 2027	7,650	7,029	(934)
December 2020	1.01% ⁽²⁾	December 1, 2025	18,500	17,182	(1,494)
December 2020	3.35% ⁽¹⁾	December 30, 2030	18,000	16,878	(2,892)
April 2021	3.08% ⁽¹⁾	April 1, 2026	19,750	18,433	(1,523)
November 2021	3.69% ⁽¹⁾	June 1, 2028	22,600	21,207	(1,659)
February 2022	3.28% ⁽¹⁾	February 23, 2032	29,500	25,561	(3,533)
February 2022	3.28% ⁽¹⁾	February 23, 2032	20,000	19,363	(2,409)
March 2022	3.41% ⁽¹⁾	March 1, 2027	17,800	17,105	(1,439)
March 2022	3.76% ⁽¹⁾	April 1, 2025	1,500	1,118	(54)
March 2023	3.26% ⁽²⁾	February 29, 2028	50,000	50,000	(2,831)
August 2023	4.18% ^{(2) (3)}	August 31, 2028	100,000	100,000	98
September 2023	4.045% ^{(2) (3)}	September 29, 2028	50,000	50,000	(124)
			457,300	442,460	(23,410)

(1) Effective fixed interest rate of mortgage debt, including the applicable spread.

(2) Effective fixed interest rate of bankers' acceptance borrowings under the Credit Facilities, excluding the applicable spread.

(3) The counterparties to these swaps have one-time options to terminate the swaps one year after the effective date.

COMMITMENTS

Development Management Agreement

On March 16, 2020, the REIT entered into a development management agreement (the “DMA”) with the vendor of the REIT’s Richmond, BC property (the “Developer”). Pursuant to the DMA, the REIT is redeveloping approximately 60,000 square feet previously occupied by an industrial tenant (the “Redevelopment”). The Developer is managing the Redevelopment and secured new tenants for the space, and the REIT has entered into lease agreements with these tenants. The REIT is responsible for the costs of the Redevelopment, which have been capped at \$6.1 million, including leasing costs, tenant incentives, and construction costs (collectively the “Capped Redevelopment Costs”).

The DMA also contemplates that the REIT will construct an approximately 70,000 square foot addition at the property (the “Addition”). The REIT will be responsible for costs of the construction and has paid a development management fee in the amount of \$3 million in respect of the Addition. The Developer will secure tenants and manage the construction.

Pursuant to the DMA, the REIT will split the value enhancement of the property, measured as the difference between the fair value of the property following completion of each of the Redevelopment and the Addition, less the REIT’s total cost of the property. The REIT’s total cost of the property is measured as the REIT’s original acquisition cost plus the Capped Redevelopment Costs and costs of the Addition (inclusive of construction costs, tenant incentives, leasing costs, and development management fees). The first \$20 million of value enhancement is for the benefit of the REIT. The next \$20 million of value enhancement will be for the benefit of the Developer. Any value enhancement in excess of \$40 million is to be split equally between the REIT and the Developer.

Based on external appraisals for the property and the settlement mechanism per the DMA, and subject to certain adjustments, the Developer’s share of value enhancement through to completion of the Redevelopment was estimated at \$32.3 million as at June 30, 2022, not including any value enhancement related to the Addition. This amount was settled as at June 30, 2022.

In September 2022, the terms of certain tenant leases in respect of the REIT’s Richmond, BC property were amended with increases to rents per square foot. The REIT agreed to make a payment to the Developer (\$11.3 million), calculated as one half of the increase in net rental income resulting from the amendments, subject to certain adjustments, divided by the capitalization rates applied in the previously prepared external appraisals.

The DMA provides that upon completion of the Addition, final external appraisals will be commissioned by each of the REIT and the Developer. The average of the two appraisals will be used to determine the final amount of value enhancement, if any, due to the Developer, at which time, any further amount due to the Developer will be payable.

Provided certain conditions are met, the REIT may satisfy its obligation to split the value enhancement with the Developer by issuing Class B LP Units valued at the greater of \$9.20 per unit and a price per unit that is no less than the maximum allowable discounted price in accordance with Toronto Stock Exchange rules.

Other

The REIT has guaranteed the borrowings of a limited partnership in which the REIT has an investment. The principal amount of the debt guaranteed increased by \$5.7 million from \$17.5 million to \$23.2 million and is secured by development land owned by the limited partnership.

The REIT has guaranteed the borrowings of a co-ownership in which the REIT has an interest. The guaranteed balance of up to \$8.0 million is secured by development land owned by the co-ownership.

As at September 30, 2023, the REIT had contractual commitments to acquire two industrial properties for an aggregate contractual purchase price of \$89.9 million. \$27.1 million of the aggregate contractual purchase price will be settled by issuing Class B LP Units at a deemed value of \$11.30 per unit.

OUTSTANDING UNIT DATA

The following table presents the changes in unitholders' equity for the nine months ended September 30, 2023:

(In thousands of Canadian dollars)	Units (000s)	Amount \$
Balance – January 1, 2023	67,323	636,776
Units issued under distribution reinvestment plan	484	4,178
Units issued under Incentive Plan	66	651
Units issued under Employee Purchase Plan	11	97
Units cancelled	(0.4)	(4)
Unit issuance costs	-	(75)
Class B LP Units exchanged for REIT Units	460	4,854
Balance – September 30, 2023	68,344	646,477

As at November 14, 2023, a total of approximately 68,427,000 REIT Units and 24,611,000 Class B LP Units were issued and outstanding.

DISTRIBUTIONS

The REIT currently pays a monthly distribution of \$0.05333 per unit, representing \$0.64 per unit on an annualized basis. Total distributions declared with respect to REIT Units in Q3 2023 and YTD Q3 2023 amounted to \$10.9 million (2022 - \$9.4 million) and \$32.7 million (2022 - \$27.8 million) respectively.

In accordance with National Policy 41-201 “*Income Trusts and Other Offerings*”, the REIT is required to provide the following information:

(In thousands of Canadian dollars)	Three months ended September 30, 2023 \$	Nine months ended September 30, 2023 \$	Year ended December 31, 2022 \$	Year ended December 31, 2021 \$
Cash generated from operating activities	8,927	33,711	41,530	24,995
Net income	76,954	157,893	120,868	93,539
Actual cash distributions paid or payable during the period ⁽¹⁾	10,922	32,675	37,705	25,082
Excess (shortfall) of cash flows from operating activities over cash distributions paid	(1,995)	1,036	3,825	(87)
Excess of net income over cash distributions paid	66,032	125,218	83,163	68,457

⁽¹⁾ Actual cash distributions paid or payable includes all distributions declared payable to holders of REIT Units and excludes distributions declared payable to holders of Class B LP Units during the period. Actual cash distributions paid or payable is unadjusted for distributions settled through the issuance of REIT Units under the distribution reinvestment plan. Of distributions declared in Q3 2023 and YTD Q3 2023, \$1.7 million and \$4.2 million respectively were settled through the issuance of REIT Units under the distribution reinvestment plan.

Net income for Q3 2023 of \$77.0 million exceeded actual cash distributions paid or payable for Q3 2023 of \$10.9 million by \$66.1 million. Net income excluding non-cash fair value adjustments of investment properties, Class B LP Units, unit options, restricted share units and derivative financial instruments totalling \$62.7 million and excluding other income of \$0.9 million was \$13.4 million for Q3 2023, which exceeded actual cash distributions paid or payable by \$2.5 million.

Net income for YTD Q3 2023 of \$157.9 million exceeded actual cash distributions paid or payable for YTD Q3 2023 of \$32.7 million by \$125.2 million. Net income excluding non-cash fair value adjustments of investment properties, Class B LP Units, unit options, restricted share units, derivative financial instruments and investments totalling \$118.2 million and excluding other income of \$1.8 million was \$37.9 million for YTD Q3 2023, which exceeded actual cash distributions paid or payable by \$5.2 million.

For Q3 2023, actual cash distributions paid or payable of \$10.9 million exceeded cash generated from operating activities for Q3 2023 of \$8.9 million by \$2.0 million. Excluding changes in non-cash working capital, other non-current assets, restricted cash, and other non-current liabilities of \$4.6 million, cash generated from operating activities exceed actual cash distributions paid or payable by \$2.6 million.

For YTD Q3 2023, cash generated from operating activities of \$33.7 million exceeded actual cash distributions paid or payable for YTD Q3 2023 of \$32.7 million by \$1.0 million. Excluding changes in non-cash working capital, other non-current assets, restricted cash, and other non-current liabilities of \$5.2 million, cash generated from operating activities exceed actual cash distributions paid or payable by \$6.2 million.

DISTRIBUTION REINVESTMENT PLAN

The REIT adopted a distribution reinvestment plan (“DRIP”) on February 20, 2014, pursuant to which resident Canadian unitholders are entitled to elect to have all or some of the cash distributions of the REIT automatically reinvested in additional units at a price per unit calculated by reference to the weighted average of the trading price for the units for the five trading days immediately preceding the relevant distribution date. Eligible unitholders who so elect will receive a bonus distribution of units equal to 4% of each distribution that was reinvested by them under the DRIP. During Q3 2023, 214,723 units (2022 – 70,330 units) were issued under the DRIP for a stated value of \$1.7 million (2022 - \$0.7 million) and for YTD Q3 2023, 484,487 units (2022 – 192,389 units) were issued under the DRIP for a stated value of \$4.2 million (2022 - \$2.1 million).

RELATED PARTY TRANSACTIONS

For Q3 2023, trustee retainer fees in the amount of \$0.12 million were expensed (2022 - \$0.12 million) and for YTD Q3 2023, trustee retainer fees in the amount of \$0.36 million were expensed (2022 - \$0.36 million). Trustee retainer fees in the amount of \$0.2 million were accrued as at September 30, 2023 (December 31, 2022 - \$0.3 million).

For Q3 2023, key management earned salaries and other short-term employee benefits in the amount of \$0.7 million (2022 - \$0.7 million) and \$2.1 million was earned in respect of YTD Q3 2023 (2022 - \$2.0 million).

On July 18, 2022, the REIT acquired an 80% interest in a property held for development in Hamilton, Ontario for \$4.8 million (“190 Glover Road”). The REIT also indirectly, through one of its subsidiaries guaranteed up to \$8.0 million of debt of the co-ownership. The development is partially owned, and managed, by entities controlled by RFA Capital Partners Inc. (“RFA”), an entity related to a trustee of the REIT.

On June 22, 2022, the REIT acquired an 80% interest in a property held for development in Hamilton, Ontario for \$17.8 million (“1540 South Service Road”). The development is partially owned, and managed, by entities controlled by RFA.

On November 16, 2021, the REIT acquired a 22% interest in a limited partnership which holds land in Hamilton, Ontario for development for \$3.0 million (“844 Glancaster Road”). The REIT also indirectly, through one of its subsidiaries, guaranteed a \$17.5 million debt of the limited partnership. On August 3, 2023, the guaranteed debt increased from \$17.5 million to \$23.2 million. The limited partnership is controlled by RFA.

The REIT’s investment to acquire its interest in 190 Glover Road, 1540 South Service Road and 844 Glancaster Road (collectively “the RFA Development Properties”) is proportionately the same as the other limited partners and co-owners’ investments.

The REIT is entitled to receive a guarantee fee in respect of debt related to the RFA Development Properties which is guaranteed by the REIT. Acquisition fees, asset management fees, and development management fees are payable to entities related to RFA in respect of the RFA Development Properties. If certain return thresholds are met, RFA will also receive a preferential allocation of income related to the RFA Development Properties at the completion of their development. These fees receivable and payable in respect of the RFA Development Properties are consistent with market terms.

The REIT recognized \$0.04 million of guarantee fees during Q3 2023 (2022 - \$0.04 million) and \$0.11 million of guarantee fees for YTD Q3 2023 (2022 - \$0.13 million).

Fees to RFA related entities in respect of the RFA Development Properties totalled \$0.2 million for Q3 2023 (2022 - \$0.3 million) and \$0.5 million for YTD Q3 2023 (2022 - \$0.45 million).

The REIT has purchased several properties from 1803299 Ontario Inc. ("1803299") and issued Class B LP Units to 1803299 as purchase price consideration. 1803299 owns 15,815,054 Class B LP Units of a subsidiary limited partnership of the REIT, representing approximately 17.5% of the REIT's outstanding voting units as at September 30, 2023. An entity related to 1803299 is a tenant of the REIT and provides property management services to the REIT for which it is paid fees on market terms. During the three and nine months ended September 30, 2023, the REIT incurred fees for property management services totalling \$0.03 million and \$0.2 million, respectively (2022 - \$0.07 million and \$0.2 million, respectively). During Q3 2023 and YTD Q3 2023, the REIT earned property revenues from an entity related to 1803299 totalling \$0.9 million and \$2.6 million, respectively (2022 - \$1.5 million and \$3.5 million, respectively).

On June 15, 2023, the REIT, acquired an industrial property located in London, Ontario, from 1803299 for a contractual purchase price of \$56.4 million. As partial purchase price consideration, 2,359,978 Class B LP units of a subsidiary limited partnership of the REIT were issued to 1803299 at a deemed value of \$10.30 per unit.

The REIT is party to a firm agreement to purchase an industrial property located in London, Ontario from 1803299 for a contractual purchase price of \$55.8 million. \$27.1 million of the purchase price will be settled through the issuance of 2,394,774 Class B LP Units of a subsidiary limited partnership of the REIT at a deemed value of \$11.30 per unit.

SUBSEQUENT EVENTS

On November 1, 2023, the REIT acquired a 336,448 square foot industrial property located in London, Ontario from 1803299 for a contractual purchase price of \$55.8 million. The purchase price was partially satisfied through the issuance of 2,394,774 Class B LP Units at a deemed value of \$11.30 per unit which are convertible into REIT Units on a one-to-one basis, with the balance, net of closing adjustments, satisfied in cash.

Subsequent to September 30, 2023, the REIT entered into a series of 5-year interest rate swap agreements which are effective October 31, 2023 to swap a total of \$150.0 million of variable rate debt drawn on its Credit Facilities in the form of bankers' acceptances for a weighted average fixed interest rate of 4.13%, excluding the applicable spread on borrowings. The counterparties to the swaps have a one-time option to cancel the swaps on November 1, 2024.

OUTLOOK

The REIT's industrial portfolio continues to perform well while rental rate growth appears to have stabilized. The REIT's investment property portfolio is industrial real estate focused and the portfolio is 97% occupied. During the remainder of 2023 and into 2024, the REIT expects to continue to benefit from positive rental fundamentals in the markets in which it has leases expiring.

There continues to be interest rate and general economic uncertainty. Recent economic data is indicating a slow down in the economy. The bond yield curve remains inverted, with 2-year Government of Canada benchmark bond yields at approximately 4.6% and 10-year bond yields at approximately 3.8%. For the remainder of 2023, the REIT has \$29.3 million of mortgages with a weighted average interest rate of 2.36% that will mature, and in 2024, \$37.0 million of mortgages with a weighted average interest rate of 4.30% will mature.

Given the impact of changes in interest rates on capital markets, the REIT is focused on completing acquisitions and development projects which it has committed to and will be very selective about any new acquisitions until such time as economic conditions become more favourable. The interest rate environment has slowed real estate investment activity, impacting the REIT's ability to sell some of its office and retail properties on favourable terms. The REIT's office and retail properties perform well and the REIT will seek to more actively dispose of them when market conditions are more conducive to sales.

The REIT intends to be Canada's next pure play industrial REIT. When the REIT refocuses on growth, it will continue to upgrade the quality of its industrial portfolio with opportunities that meet its investment criteria, while also re-deploying capital from strategic dispositions of properties in its retail and office portfolio.
